Subject: RE: approval with modifications

Mr. Stephenson and Mr. Smith-

The EPA sent an approval letter with modifications dated July 31, 2014 to your attention for the Draft RCRA SOIL Interim Remedial Measure (IRM) Work Plan, Clean Harbors Wichita Facility. Based on your desire to move forward quickly, I wanted to confirm your receipt of the letter and make sure you didn't have any questions. The letter required written approval and concurrence for the approval to be affective and required a copy of the public notice sent to the facility mailing list on July 16, 2014 be mailed to EPA. EPA has not received either of these documents. Please let me know if there are any questions or concerns about the letter dated July 31, 2014.

I also have a question about the Pace QAPP submitted by email and would like to get an update on the field activities and progress.

Please give me a call at your earliest convenience.

Subject: Signed QAPP addendum - PACE analytical

Hello Chris,

Attached please find the signed QAPP addendum detailing the reasons why PACE analytical was added as a lab for the confirmation sampling. Please call me if you have any questions or concerns about this.

Thanks,

Mike Stephenson
